Subject: Approval of Amended Notice of Intention to Commence Large Mining Operations, Sunroc Corporation, Levan Chicken Creek Mine, M/023/0016, Juab County, Utah

Dear Mr. Sumsion:

The Division of Oil, Gas and Mining has received a rider for the surety bond for the Levan Chicken Creek mine increasing the amount of the surety to \$1,013,000.00. With this, the Division gives final approval for this project subject to the condition in the July 3, 2012, approval that you obtain authorization from the U. S. Forest Service for operations on their lands. The Division has not received concurrence from the Forest Service for the surety amount, so it is possible that amount will need to be modified when they approve the plan of operations.

Enclosed is a copy of the Notice of Intention stamped approved. The Division did not receive an additional copy from Sunroc, so it made a copy.

Thank you for your cooperation and patience in completing this permitting process. If you have any questions regarding this letter, please contact me at (801) 538-5261 or Wayne Western at 538-5263.

Sincerely,

Paul Baker  
Minerals Program Manager
